Submission

All contributions should be original and not published elsewhere or intended to be published during the review period. Authors are invited to submit their papers electronically in pdf format, through EasyChair. All the special sessions are centralized as tracks in the same conference management system as the regular papers. Therefore, to submit a paper please activate the following link and select the track: ***BISAS 2020: Special Session on Big Data Streaming, Applications and Security***.

<https://easychair.org/conferences/?conf=missi2020>

Authors are invited to submit original previously unpublished research papers written in English, of up to 10 pages, strictly following the AISC format guidelines. Authors can download the Latex (recommended) or Word templates available at [Springer's website](#). Submissions not following the format guidelines will be rejected without review. To ensure high quality, all papers will be thoroughly reviewed by the MISSI 2020 Program Committee. All accepted papers must be presented by one of the authors who must register for the conference and pay the fee. The conference proceedings will be published by Springer in the prestigious series AISC (Advances in Intelligent Systems and Computing).
